Dear Mr. Fraleigh,

I have recently learned of the horrifying experience for over 80,000 evacuees of Fort McMurray and surrounding area as a result of devastating wild fires. We are aware that donations can be made through the Red Cross relief effort to assist families impacted by the fires.

American Income Life Insurance Company (AIL in Canada) wants to help and will provide a waiver of premium benefit up to 90 days for any policyholder who is unable to work for 30 days or longer as a result of the damage. This waiver of premium will be provided with no pay back and is for the purpose of helping the many families who have policies with American Income Life Insurance Company (AIL in Canada).

It would be of great assistance if your organisation informs your members and affiliates of the available waiver of premium to those members who are impacted. AIL's Public Relations Manager, Jacqueline Lowe, will be in contact with your office to answer any questions you may have or you can contact her directly at 403-357-7529.

In solidarity,

Roger Smith
